

# XREQM Quick Reference Guide

## Overview

This guide gives brief step-by-step instructions for basic data input for online requisitions (RQs) within the Colleague application.

## Logging in

1. Open your Internet Browser.

Enter the following URL in your address bar:

**Test**

<https://hydrus.lcsc.edu:8088/test/sl/index.htm>

**Production**

<https://lprod.lcsc.edu:8086/prod/sl/index.htm>

**WarriorWeb Test**

<http://watestsql.lcsc.edu/WATEST/WATEST>

**WarriorWeb Production**

<https://warriorweb.lcsc.edu/WebAdvisor/WebAdvisor>

2. Enter your logon credentials:

Your Colleague login & password is the same as your network login & password

Your WarriorWeb login & password are different than your network login. If you don't have one contact the helpdesk.

## Creating a RQ

From the main Colleague screen you will type XREQM.

1. At the RQ Lookup Prompt type A for Add > OK

2. A second box will appear. If you contacted Purchasing for a number input that number here. If this is a computer order, an order between \$5K - \$10K, or you want Purchasing to place the order press OK.

3. If you hit OK without entering a RQ number, a third box will appear.

This is telling you a system generated number will be assigned once the RQ done field is changed to Yes.

4. A custom field sequence has been setup to assist you through this process. Fields that are in black are not assessable. You can either tab or enter to go to the next field. See back page for additional information.

9 → Requisition Done No

1. **Initiator:** Enter your network ID or Warrior ID# and your full name will appear in the field. On WarriorWeb you can view the RQ's you've created but only if you're the initiator.
2. **Vendor ID:** Enter the vendor ID # or vendor name. If your vendor is not in Colleague, contact Purchasing to create a vendor record.
3. **Address:** Please verify the vendor address is correct. You can detail in and see other address or input the correct address.
4. **Ship To:** Enter your department code or search by keying in three dots (...) ellipsis.
5. **Approvals:** Leave blank, the approvals will auto populate when the RQ is finished.
6. **AP TYPE:** Enter WLO for local accounts or WAP for appropriated accounts
7. **Line Items:** Click on the blue window or the F2 key to detail to RQIL
8. **Printed Comments:** Input additional information, i.e. Check needed by, Quote number, cash receipt # for refunds, etc.
9. **Requisition Done:** The default is No and the status will remain as In Process. Change to Yes when complete, approval will auto populate and the status will change from In Process to Not Approved.
